Gulabshri provides the **essence of the roses** and derives its equity from Rose, it's benefit on the skin care usages is reflected in the brand proposing **Khilo Gulab Sa** get rose like glow.

Gulabshri is a 100% pure and natural product. The rose water is produced via steam-distillation of fresh rose blossoms, picked during the annual Rose Harvest in our rose fields in the **world-famous Kannauj Rose Valley**.

**Gulabshri is pure, undiluted, food-grade product.** The rose water does not contain any preservatives, additives, or synthetic ingredients. Rose water is one of the all-time best and most traditional **facial cleansers and has multiple skin-care uses**. The natural rose water is used to **treat acne and skin irritation**. Indian Rose Water is applied for nourishing and hydrating **facial and hair masks**. Rose water is also added to **bathing water and is used for moisturizing the body after bath**. It balances skin PH level; rose water has anti-aging and rejuvenating effects.

***Great Toner for every day use!***

Gulabshri's Fine mist for your every day routine. Spray directly onto skin. After cleansing and after shower. Your face will love it

## Rose Gulkand

Gulkand is doubtlessly one of the best Ayurvedic remedies used in many health problems. We use **Edward Rose of Kannauj** (known as perfumery city of India & Itra Nagri in Hindi) to manufacture Gulkand. It is the best quality rose among all roses found all around in India for Gulkand preparation. Its petals have **mouthwatering aroma and best remedial properties**. So our gulkand always has an advantage over Gulkand made from centifolia flower found in other parts of India. We use sulphurless best quality white crystal sugar in gulkand preparation.

All the preparation is done under hygienic condition to provide best product to our esteemed client. So when quality is concern no alternative is available for our gulkand in the market.
